

AI is becoming essential infrastructure for the modern grid. Join us for a focused forum exploring how utility leaders are deploying AI to support electrification, reliability, and customer outcomes, designed for maximum impact in minimal time.

📍 Park Hyatt, Toronto, Canada | 📅 Mar 04–05, 2026

What You'll *Learn*

- Partner ecosystem models for delivering integrated, achievable utility outcomes.
- Practical ways to overcome AI adoption barriers across enterprise deployment, customer trust, and engagement.
- Where GenAI and Agentic AI deliver utility-specific value- and how to right-size them for practical deployment
- How utilities navigate grid transformation and accelerating AI capabilities with realistic, customer-centered guardrails
- How Canadian utilities using AI to address pressing priorities—affordability, grid resilience, and more.

Agenda *Highlights*

March-04

1:00 PM - 5:00 PM	Meetings and Workshops
6:00 PM - 8:00 PM	Welcome Reception (Park Hyatt)

March-05

8:00 AM - 10:00 AM	Breakfast and Arrival
10:00 AM - 12:15 PM	Sessions
12:15 PM - 1:30 PM	Lunch
1:30 PM - 4:00 PM	Sessions
4:00 PM - 6:00 PM	Meetings and Demos
6:00 PM - 9:00 PM	Dinner Reception

What to *Expect*

- A highly focused, invitation-only executive forum in Toronto, with a welcome reception on March 4 and a full-day program on March 5 - designed for maximum impact with minimal time away.
- A curated, high-signal program led by Bidgely's AI experts and Canadian utility peers, focused on real-world application rather than theory.
- Direct access and candid exchange through structured discussions, private meetings, and live demonstrations with peers and partners.
- Welcome reception, hosted dinner, and complimentary Park Hyatt accommodations for invited guests.

Registration is now open for EmPOWER AI Toronto, held on March 5, 2026.
